Earn rewards when you save on healthcare

What is CareSearch Reward\$?

The program rewards you for searching the Health cost estimator tool on **umr.com** and utilizing “2 blue hearts” Premium Care Physicians and/or “Green” cost-effective facilities when you seek care. Most important, you will lower the cost of the claim and will be rewarded for those savings. This program is designed to encourage positive health care behavior by rewarding participants when they make a cost-effective, high-quality provider choice before seeking care.

Step 6:

If a **“Green” Below Average Cost** facility does not populate, increase the search radius from within 20 miles.

Then, sort by **"Cost"** to view the Below Average Cost facilities first.

Find the **“Green” Below Average Cost** facility and press **"Select Facility"**.

Results for Step 1 - Colonoscopy - Preventive Screening (Facility Services)
Total average cost in your area: \$881 - \$3,580
